TO : Chief, EE/OPC

FROM : Chief, TRD

SUBJECT: Request for Training Assistance - [REDACTED]

25X1A9a

25X1A 1. The Advanced Specialized Training Section of TRD is at present  
25X1A preparing to present a two-weeks' course in [REDACTED] the  
first presentation of which will begin on Monday, 29 January. This  
course, which carries a Top Secret classification, is intended for OPC  
staff personnel whose assignments either in headquarters or in the field  
will require them to participate in, or assist in the support of, clan-  
destine [REDACTED]. It is requested that Mr.  
25X1A9a [REDACTED] of your division be authorized to assist in this course.

2. It is the intention of the ASTS to place as great an emphasis  
as possible in this course upon the operational aspects of work in this  
field. While a great deal of material is in preparation concerning the  
operational aspects of World War II operations, the necessity for including  
as much information as possible drawn from recent operations is obvious.

25X1A9a 3. Recognizing the security implications of this approach, we wish  
to suggest that [REDACTED] be authorized to use in his presentations  
operational data. The experience of the ASTS in using such material in  
other fields has indicated that adequate security can be maintained if  
the identities of individuals involved in operations, and locales and  
dates, when imperative, are excluded or disguised.

4. If further elaboration on this request is required, the Chief,  
ASTS, extension 3004, is available for consultation at your convenience.

[REDACTED]  
Chief, TRD
